FOR IMMEDIATE RELEASE:

Curtis Industries Introduces Cab System for the John Deere Gator 825i S4 HPX/XUV

Now available through authorized Curtis dealers throughout North America

Worcester, Massachusetts, January 2014 — Curtis Industries LLC, manufacturer of cab enclosures, attachments and accessories for compact vehicles, is pleased to announce the release of its Commercial Grade Cab System for the John Deere Gator 825i S4 HPX/XUV 4-passenger utility vehicle.

Cab features the same innovative design and rugged durability of the Gator 2-passenger cab, including tempered glass windshield, sliding door and rear windows for increase airflow and total-seal door system with easily removable pin-hinged doors. Additional features include steel roof, lockable doors and 12 VDC wipers.

“We have 45 years of industry experience designing and building innovative commercial grade cabs,” said Michael Alexander, VP Sales and Marketing. “Take one look at this new cab and you’ll see how our experience brings together craftsmanship and innovative design for added comfort and durability. It’s what we build into every Curtis Cab.”

Curtis cabs add value and give you more for your money. “We are excited to add another high-quality product through our dealers that exceeds customer expectations at a very attractive price,” added Alexander.

In addition to standard features, the Gator Cab System features optional equipment such as roof-mount LED strobe light, roof-mount LED work lights, bed and flasher lights and side-view mirrors.

About Curtis Industries

Curtis Industries, LLC is the leading manufacturer of cabs, enclosures and accessories for many applications including commercial, specialty, recreational and work vehicles. The majority of these products are designed for compact tractors, golf cars, and utility vehicles. Formed in 1968, the ISO 9001: 2008 company also manufactures truck plows and snow and ice control equipment for tractors and utility vehicles. Curtis Industries, LLC markets its products through OEM vehicle manufacturers and a large network of dealers in the United States and Canada as well as in Europe and Asia. The company operates from a 150,000 sq. ft. facility in Worcester, MA. For more information on Curtis products, please visit www.curtiscab.com.
