## **Curtis Industries Receives Innovator's Top 10 New Product Award**

*Worcester, Massachusetts, February 13, 2015* – Curtis Industries, LLC, manufacturer of cab enclosures, attachments and accessories for compact vehicles, has received the 2014 Innovator's Top 10 New Product award from *OEM Off-Highway* magazine for its John Deere Gator 825i S4 HPX/XUV cab system.

This is the third consecutive year Curtis Industries has received the Innovator's Top 10 New Product award.

"We realize that innovative new products, addressing the wants and needs of our customers, will drive our continued success in the marketplace," says George Psychojos, President and CEO of Curtis Industries. "We are proud to receive this award, yet again, as a testament to the fact that our engineers and design teams truly understand the marketplace."

OEM Off-Highway magazine is an industry-leading publication dedicated to heavy-duty on- and off-road equipment manufacturers. The winning products are the 10 most-viewed new products in the magazine's online product buyer's guide.

"This is the sixth year that we have presented our Top 10 Awards and I'm always intrigued by what it tells us about the industry and what engineers are looking for the most throughout the year," says OEM Off-Highway Editor and Associate Publisher Michelle EauClaire-Kopier. "It will be interesting to continue to watch the Top 10 Awards throughout the years to see what products and companies rise to the top."

### **About Curtis Industries**

Curtis Industries, LLC, an ISO 9001: 2008 certified company, is recognized as one of the most innovative designers and manufacturers of compact vehicle enclosure systems, attachments and related

accessories that enhance our customers' comfort and productivity. The company, which started in 1968, also manufactures truck plows and snow & ice control equipment for tractors and utility vehicles. Curtis markets its products through OEM vehicle manufacturers and a large network of dealers in the United States and Canada as well as Europe and Asia. The company operates from a 150,000 sq. ft. facility in Worcester, Massachusetts.
